Trainer Resource	A variety of tools to support a trainer in the communication, preparations and reinforcement of training	Video or print file, depending on the resource
Classic eLearning Programs	Best-selling, self-directed courses that can be taken as stand-alone training or used in a blended learning solution. Contain video vignettes, audio, interactions and pre/post assessments. Average seat time is 30-40 minutes. Trainer's Note: These are great for all training events, blended learning and post-facilitation follow-up & reinforcement.	Preview course file Hosted on your LMS or Sollah's LMS. eLearning course files are published to meet your LMS requirements and are sent electronically.
	Highly interactive courses containing video vignettes, user interactions, branching, pre- and post assessments - covering a large variety of topics. Average seat time is 30-45 minutes. Trainer's Note: The Advantage courses offer a 'deep dive' into each topic. They can be used as standalone training or supplement instructor-led sessions. Most include a gaming	Preview course file Hosted on your LMS or Sollah's LMS. eLearning course files are published to meet your LMS requirements and are sent electronically.
Advantage Plus eLearning Programs	Highly interactive courses containing video vignettes, user interactions, exercises and branching. Seat times ranging from 90 minutes to 2+ hours. Trainer's Note: The Advantage Plus series provides very indepth, knowledge-charged, multi-topic training sessions.	Preview course file. Hosted on your LMS or Sollah's LMS. eLearning course files are published to meet your LMS requirements and are sent electronically.

LearningBytes® eLearning Programs	<p>Interactive, topic-specific training modules that contain a vignette, interactions and post-assessment. Seat times are generally 7-10 minutes. Trainer's Note: This series gives you the ability to provide just-in-time training covering specific issues or proactive, topical training in a short, easy-to-digest format.</p>	<p>Preview course file</p> <p>Hosted on your LMS or Sollah's LMS.</p> <p>eLearning course files are published to meet your LMS requirements and are sent electronically.</p>
TrainingBriefs™	<p>Powerful, mobile-friendly micro-learning courses for all employees. Each TrainingBriefs course covers a topic - all in under 6 minutes. Each course uses innovative navigation and a dramatic video clip to reinforce each training concept. Over 20 topics are represented in this eLearning series. Trainer's Note: These are great for pre-training (topic introduction, pre-work) and post-training (follow-up, reinforcement) as well as just-in-time performance management.</p>	<p>Preview course file</p> <p>Hosted on your LMS or Sollah's LMS.</p> <p>eLearning course files are published to meet your LMS requirements and are sent electronically.</p>
Safety Classic eLearning Programs	<p>Short, interactive safety training courses that typically have a 10-15 minute seat time. Trainer's Note: Each course has full length video vignettes, post-test and a nononsense approach to each safety training topic.</p>	<p>Preview course file</p> <p>Hosted on your LMS or Sollah's LMS.</p> <p>eLearning course files are published to meet your LMS requirements and are sent electronically.</p>
SafetyBytes® eLearning Programs	<p>Short, topic-specific safety training modules that contain a vignette and topic reinforcement. Seat times are generally 5 minutes. Trainer's Note: This series gives you the ability to provide just-in-time training covering specific safety issues or proactive, topical training in a short, easy-to-digest format.</p>	<p>Preview course file</p> <p>Hosted on your LMS or Sollah's LMS.</p> <p>eLearning course files are published to meet your LMS requirements and are sent electronically.</p>

TAG™ Minimum System Requirements
